ASSESSMENT NOTICE.

DULUTH, Minn., August 27, 1888.

Notice is hereby given that a contract has
been let for grading and otherwise improving
First street in the city of Duluth, in
the amount of \$100,000. The contractor
will grade the street to Twenty-eighth avenue west; that the
Board of Public Works will grade the street
from their office, No. 4 Banning block, in said city at
three o'clock p.m. on Tuesday, August 28, 1888, to make an assessment
of the sum of two hundred and eighty-four
thousand dollars and thirteen cents upon the real
estate situated in the city of Duluth, and for other
improvements for the purpose of raising
money to pay part of the costs and parcels of
land abutting on and within one hundred feet of
First street between Connecticut avenue and
Twenty-eighth avenue west, and the sum of
\$2,425.67 and \$29 in Block 4, second division of
Duluth, Minn., and deemed by the Board
of Public Works for improvements and will be
generally for the improvement and will be
assessed unless cause be shown why any of
them should not be so assessed.

RONALD HUNNELL,
President.

Geo. T. HENRICK, Vice President.

Clerk of the Board of Public Works.

Aug. 27, 1888, Sept. 8.

The Great Eastern

1888 Fall Styles 1889
ARRIVING DAILY.

Our Stock Greater and Grander
THAN WE HAVE EVER SHOWN.

We call your attention to our New Fall
Styles, particularly our Imported
Tailor Made Suitings.

OUR HAT DEPARTMENT

Contains all the new Blocks and Shapes, which are entirely dif-
ferent from Spring Shapes. We call your attention to
our celebrated Nasimento, Schindler & Youman's
shapes for Fall just received. We show them in
all height crowns, and width of rims
in Fall Shapes.

OUR UNDERWEAR DEPARTMENT

Contains a larger and finer line than we have ever shown any
previous season, including the following celebrated makes:
Holroyd's celebrated derby ribbed in fawn and white,
Norfolk & Newbairns fancy stripes in cash-
mere; Wright, Brettle, Cartwright & War-
ner's Men's Merino and all wellknown makes
in Silk Cashmere, Wool Merino,
Angolas, Camels Hair, Saxon,
in all sizes and colors.

We would call your attention to the fact that
we are offering all

Broken Lines in Summer and Winter Underwear at Cost,
a chance to secure a bargain and lay it away a little in advance.
We are also offering Big Bargains in Pea JACKETS and
Overcoats—before the season opens. You can easily
save \$5 by buying a nice overcoat now.

OUR CHILDRENS' AND BOYS DEPARTMENT

Is laden with Novelties in Suitings and Pants, and in this de-
partment we are offering extraordinary values in New
Fall Goods, and all Summer Lines at Actual Cost.

GENTLEMEN

Call and examine our business line of tailor made suits from
STEIN, BLOCS & CO., wholesale tailors. The only ones in
America and can not be found outside of us in Du-
luth. We show them in Scotch, English, Irish
and American Tweed. They are beauties
and at prices that will meet your
approval.

FOR DEFENSE.

The Session of the Brotherhood
Locomotive Engineers held
to-day to

PROVIDE FOR DEFENSE OF DYNAMITERS

Funds to be Raised and the Pink-
erton Scare Goat Punish-
ed if Possible.

PITTSBURG, Pa., Aug. 27.—The union
meeting of the Brotherhood of Locomotive
Engineers and Firemen which assembled
here this morning comprises representatives
from every lodge in the section of the
Brotherhood's jurisdiction. Among those
in attendance are Col. A. M. Mitchell, Vice-
Master Sergeant, Vice-Grand Master Han-
naham, the grievance committee, and Eugene B. Dobie. The ob-
ject of the meeting has not been divulged, but
it is likely to be by any of the organiza-
tions in the section. The session is to be held
tomorrow evening. The Republican can-
vention is to be held on the afternoon of the
same day.

AT the meeting this evening the council
will take action on a reception to the Mu-
hamed aldeens who will be here to-morrow evening.

The DULUTH EVENING HERALD is issued from its office in the Burnell block every afternoon. First edition at 4 o'clock. Last edition at 5 o'clock. The DULUTH HERALD will be delivered to any part of the city or mailed to any address for fifty cents per month.

The best advertising medium in Northern Minnesota. Special attention given to securing results to those who use its columns.

DULUTH HERALD CO., Publishers.

WILL BURNELL, Manager

OFFICIAL PAPER OF DULUTH.

As was predicted, Albert Scheffer carried the St. Paul primaries and as a result he will go into the state convention with a solid delegation from Ramsey county. It is tacitly admitted by Mr. Scheffer's friends that the same men who carried the Democratic caucuses for Mr. Scheffer manipulated the Republican caucuses Saturday night. In other words, the delegates elected to the Ramsey county Republican convention were elected by Democrats and are not really the representatives of the Republican party of that county. It will be remembered that it was through influence of Mr. Scheffer that the Ramsey county convention was called early. This was done because he believed, as he was to have a walk over and that this evidence of his popularity would materially influence the action of county conventions held later. This would undoubtedly have been the case had there been anything like fairness shown at the primaries, but the evidence of corruption is so patent that it will have an opposite effect. The American people demand fair play and that is what Albert Scheffer's friends have not accorded his opponents in St. Paul. The rest of the state will rebuke the manipulation of the Ramsey county primaries.

Mr. Amos Shepherd, the Tower candidate for register of deeds, is unfortunate in having the Tribune champion his cause. That alone is enough to secure his defeat. The reasoning that paper implies that unless Mr. Shepherd is nominated Tower people will bolt the ticket. We do not believe that the Tribune was ever authorized to make such an assertion. The residents of the Vermillion range are good Republicans and as such stand by the ticket that will be nominated next Thursday. If Mr. Burke is the choice of the party we believe Mr. Shepherd will support his candidacy at the polls as we know Mr. Burke will Mr. Shepherd's in case of his nomination. No voting committee can afford to hold a club over the Republican party of St. Louis county and tell that party what it shall or shall not do. Whoever is nominated by the convention next Thursday is entitled to the support of every man in that convention and no man's name should be permitted to go before the convention who will not pledge himself to support the nominees. This is no year for bolters and when a man talks about bolting in a certain emergency he forfeits his right to any consideration.

To the signs of democratic democratism already noticed may be added the statement of the Washington correspondent of the New York Herald (Dem) that "the result of the national campaign by the democratic committee is thus far not a success," and that "there is a disposition shown by the executive committee to make the administration responsible for their lassitude, apathy, indolence, or whatever the cause may be, for not inspiring greater confidence in the result of their management."

A strong anti-Hill movement has broken out in New York, led by the Brooklyn Eagle, which charges a particular friend of Hill with receiving \$50,000 from the New York Mutual Life Insurance company for procuring Gov. Hill's signature to a bill affecting the interests of that company. The charge has caused great commotion in the Hill camp.

James G. Blaine: The question is from first to last, from skin to core, and back to skin again, a question of labor. If you agree to live in a poor, a house at poor food, and receive as low wages as the people of England receive, we can produce as cheap goods as the Democratic administration wants to see.

Foreign newspaper editors are sometimes not as obtuse in comprehending the actual condition of affairs in America as their brethren on this side of the water suppose. A paper published in France, Italy, says that "during President Blaine's European tour Congressman Cleveland has been in charge of the white house."

The Minnesota Title Insurance & Trust company, of Minneapolis, in response to repeated solicitations, has completed arrangements for insuring owners, purchasers and lessees of real property against title defects in Duluth and St. Louis county. Its policies run for one year, for one premium, guaranteeing a full defense of the insured against necessary expenses for defense if any. Messrs. Jaques & Hudson, attorneys, room 3, Bank of America, represent the company in Duluth, from whom title to

MINNESOTA TITLE INSURANCE & TRUST CO.

Notice to Stockholders of the Duluth Building and Loan Association.

At the regular meeting of the stockholders of the Duluth Building and Loan Association, to be held in the secretary's office, room 5, Miller block, on Monday, Sept. 3d, at 12 o'clock noon, it is the desire of the stock of the association to two million dollars, will be acted on, and such other business as may regularly come before the meeting.

A. J. MILLER, Secretary.

Notice.

Is hereby given, that we will not hold out any checks, due-bills or checks of any kind for money or material supplied to any subcontractor, or to any person or written orders given by the undersigned, or coming from our office in due form. Please take notice and avoid any misunderstanding.

WEST DULUTH.

OF GENERAL INTEREST.

W. E. Hartley, of St. Paul, is visiting in West Duluth.

R. J. Pettibone, superintendent of the National Iron Works, left yesterday for Cleveland, where he will remain for some time.

Two drunks were arrested by Rice's police yesterday.

The agent of the American Loan and Building association of Minneapolis, is in West Duluth and will establish a local board at that end of the town. Several well-known business men will be members of the board.

Blide have been opened for building Chas. Pierce's new block on West Superior street.

The last block in Graff & Murray's mill building yesterday and the mill was shut down during the day. Work was resumed this morning.

The supply of stone for the foundation of the iron works gave out last Friday and no work has been done since. Enough, however, is on hand to keep the work is expected to begin again tomorrow.

The contractors began grading the business part of West Michigan street this morning. It is expected that the work will be completed in a week.

The Young Men's Republican club meets this evening at United Workman's hall for the purpose of selecting delegates to the county convention. But little was done at the meeting of the executive committee Saturday night.

Alfred Peterson, who lives at the corner of Fourth street and Piedmont avenue, was made happy last night by the arrival of his wife.

New types of paper and type are constantly being received at the Hiscox job room. Guaranteed work turned out on short notice and at lower figures than any other place in town.

The man who is something in the air in West Duluth that causes anxiety for the third poor victim to that disease was arrested by Sargeant Clements this morning. The man had been staying at a small hotel in the business part of the town, and had been acting queerly for the past week, refusing to associate with anyone. He will be examined by physicians today.

The 100 yard race between Crawford and Owens yesterday at Atwater park resulted in favor of the former nine by a score of 20 to 18. During the game the catcher, of Metz, broke a finger and was obliged to quit, a substitute taking his place for the remainder of the game. In the 100 yard race Crawford, after giving Owens 18 yards the start, beat him by 20 feet.

Rev. Mr. McLeod came to Duluth yesterday and after a week of 22 hours by a railroad accident, he is now here only to receive the sad intelligence that his father had died the day after he left Manitoba. He has the sympathy of his large circle of friends in his bereave ment.

WEST SUPERIOR.

A man employed in a saw mill at Connor's Point, with a severe and perhaps fatal stroke, this morning while sawing lumber. He is still in a critical condition, the saw with such force as to drive it several inches into his side. Dr. Connor, was called and at last accounts the man was in a critical condition. Later, the man's son, Mr. Alister Swanson, and he died shortly after noon today.

Rev. F. E. Rouse, left on the Omaha this morning for Cumberland to attend the meetings of the regional conference that will take place there. He will go from there to Mason where another organization of the same kind will take place tomorrow.

Yesterday the guests at the Fremont house quietly left the city, the dining room, trunks were turned down stairs and a general panic of a few moments duration ensued. It is said that the cause of the trouble was located that it was impossible to find a man that was afraid of fire.

F. C. Gregg, leaves tomorrow for Minneapolis to attend editor's association.

G. A. Kennedy, and F. A. Newell, of this city, joined the Pacific coast company and will leave for Devil's Lake about this week where they will meet the ballance of the company which left for that place to day. Starting at that point he will travel in the principal routes through to the Pacific coast.

The steamer Barker will stop at Omaha slip, West Superior, on 15 Tuesday, August 28, to accommodate those on this side of the bay, who wish to go on the excursion and return to Spirit Lake, by the young people, the Endion Baptist church of Duluth. A cordial invitation extended to all. Tickets 25 and 50 cents.

The S. L. Paul and Pacific coal dock company of Duluth are making preparations to extend their pier 500 feet to the east. This will give the company much better facilities for handling coal.

The excursion to Big Island on the Bar-
ber, yesterday, was largely attended, and a good time was had by all.

George Meenan, leaves Saturday for a visit to his former home in Michigan. He will be absent about two weeks.

Church services were held at the usual places yesterday and well attended.

Mr. Ross of Ohio is in the city.

"The World Moves."

Maintained coffee, with his tormentors racked him for advancing the tree system of Copenhagen. Certain folios hold out, however, against the illumination of discovery and experience. There are hosts of people who, because they have adopted certain principles, continue to swallow the tree, flying daily in the name of the laws of common sense. Merely dredging purgatives, super-potent narcotics and sedatives, though they have given ground to the most refined and delicate of their Stomach Bitters, a national, painless remedy for the ills of the liver, the stomach, the kidneys, the lungs, the intestines, the ambulating apothecaries shops of many stomachs. The symptoms of life trouble are not removed without any abdominal disturbance with the result of constipation. So also are constipation, sick headache, heartburn and inability to digest satisfactorily, the result of the above trouble. And kidney trouble.

Are you going to the "Western Excursion" or to the "Minnesota State Fair"? "The North Western Line" Chicago, St Paul, Minneapolis & Omaha Railway "will sell you excursion tickets at one fare for the trip, adding 25 cents for admission to the fair, and 50 cents for admission to the State Fair."

Those tickets will be sold at the "Twin City" "Thruway" and "Overland" good to return Monday following date of sale. Remember solid trains via the "Omnibus" run through the State Fair and the "Twin City" this giving passengers their option of stopping off or taking the train at another place.

General Agent, 112 West Superior St.

A Card.

The sisters of the Order of St. Benedict in charge of St. Mary's hospital, hereby thank the citizens of Duluth for the good people of Duluth for their generous donation of \$500.00 (five hundred dollars,) proceeds of the fair held at Ingall's hall last week.

SUPERINTENDENT OF THE SISTERS OF ST. BENEDET.

Meredith.....Mrs. D'Unger

Orchestra

For the people this week a fine program has been arranged. The "Comedie Humaine" specialty company open a session tonight and will give one of the best shows ever seen in Duluth.

So far the variety's managers at the Grand tomorrow afternoon are going like hot cakes and a tremendous business is already taken. Harvey's is better than ever and the new manager promises that he will greet the crowded auditorium.

The 100 yard race between Crawford and Owens yesterday at Atwater park resulted in favor of the latter. The race was run in a great deal of wind.

Owens a three yard handicap he defeated him a distance of ten feet, making the 100 yards in 10 seconds.

The Evening Herald will be delivered to any part of the city or mailed to any address for fifty cents a month.

The best advertising medium in Northern Min-nesota. Special attention given to securing results to those who use its columns.

DULUTH HERALD CO., Publishers,
MILK HUNNELL, Manager.

OFFICIAL PAPER OF DULUTH.

Senator Vest, who opposed the act of 1857 because it permitted discrimination against Canada in return for her discrimination against American fishermen, and demanded to know whether it was the purpose to force the government of the United States into retaliation as a result of the action of Canada, now approves the President's policy of retaliation. Such is Democratic consistency. All the garrulous Democratic senators, save one, who supported the Chamberlain-Bayard treaty, told the Republican senators, when they pointed out grievance after grievance and insisted on their removal, that they were proposing a retaliation and that they were a most abhorred and abominable thing never to be thought of; and if they did not look out they would get the country into a war. But now that the president occupies Republican ground, the objectors eat their own words and profess to admire what they erstwhile denounced. The excepted senator holds to his original position, and adds that the Republican committee of the Senate have succeeded in entrapping the president into doing that bidding; that is, they left him no option but to adopt their retaliatory policy. In this claim Senator Morgan is nearer right than his fellow-partisans, who have turned their coats. His candor is to be admired.

At last the council has determined to do business with the Gas & Water company in the same way it would with anybody else. It proposes to make the company live up to its contract. Mayor Sutphin, with commendable pluck, set the pace to the council by his communication and the aldermen quickly fell into the spirit of the movement and inaugurated a vigorous policy in connection with the corporation which has so wantonly abused its privileges. The charter which the old village council granted to the Gas & Water company is granted to every man who voted for it. It is but the means of preventing the city from being well lighted and well supplied with water. It has raised over streets and raised insurance rates in some cases 100 per cent. For five years the people have permitted these impositions, hoping from month to month that something would be done by the company to relieve them. Nothing has been done and the patience of everybody is exhausted and the unanimous opinion is that the time has arrived for the city to force the company to surrender its charter.

When a free trade Democrat wants to be very severe on the policy of protection he repeats "Hill" Scott's story that the Carnegie steel works made a profit of \$1,500,000 in one year. Well, in ten years "Hill" Scott has made a fortune, now estimated at \$25,000,000, and Calvin S. Brice, the democratic campaign manager, in less time, has made a fortune estimated at \$25,000,000. A large portion of Scott's wealth was made in dealing in anthracite coal, a free trade article. Brice made his wealth in the unprotected industry of railroad speculation. The facts the free trade critics completely hide.

The Cuyahoga Industrial Vidette has disclosed that Duluth is gradually sliding into Lake Superior and predicts that the city will eventually disappear entirely after the fashion of Ignatius Donnelly's Atlantis. In another column of the same issue appears an account of a sea serpent which recently visited the saw mill town. The two articles were evidently prepared by the same man perhaps Wm. W. he returned home from his last visit to Duluth.

To those who know D. J. Knox it would not be surprising to again see him a candidate for the legislature. No one has yet been mentioned in connection with the place in the west end of the district who could beat him out there for the nomination. Dan may go out to Vermilion with all the delegates west of Carlton solid for him. He certainly will if he takes the nation.

It beats all how popular Albert Schaefer's candidacy for the Republican nomination for governor is with the Democratic press. Do they think Wilson can beat him or do they feel that Schaefer is a good enough Democrat anyway?

The president's message to congress was undoubtedly calculated to stem the tide which has set in against him because of the general belief that he was under British influence. The strike was a good one, probably, politically.

The surprises, according to a Democratic source, is only \$12,000,000. What has become of the \$100,000,000. What has talked about so much?

The Prohibitionists will be the first party to place a ticket in the field in St. Louis county. They hold their convention in legal's hall tonight.

The Republican primaries to-night will not prove very interesting. They will be altogether too one-sided.

It was Gov. Foraker who said Cleveland has "spent a good deal of his time fishing and a good deal more of it crawling."

Go to the primaries tonight and vote. It is the duty of every Republican. No Democrat need apply.

Grover Cleveland has already chipped in \$10,000 to the Democratic jack pot.

What is worth owing about this time.

Fishing Excursion

To Aitkin on Main line of the Northern Pacific R. R. Sixty-six miles west of Duluth. Cost \$2.00 per day. Tickets on sale at Northern Pacific R. R. office, Union Depot.

Assistant State Weighmaster
Wm. Frank, Interviewed,

Business is quiet at the elevators at t., but they are getting along in a new country. Duluth Elevators have over two millions of bushels of wheat in store—and we were informed by Mr. Wm. Frank.

We were informed by Mr. Wm. Frank.

WORK IS STOPPED.

The South Shore Road Discontinues Work on the Duluth Extension.

IS IT OWING TO GROVER'S MESSAGE?

The Secretary of the Company Expresses His Opinion—The Message is Not a Bluff

New York, Aug. 29.—A dispatch from Ashland, Wisconsin yesterday stated that work was stopped on the South Shore and Atlantic extension to Duluth and that the immediate cause supposed to be the president's retaliation. The message was unable to respond at the next call of time. She and her brother could not take decisive action on either side. The crowd cheered lustily and then were freely admitted.

During the second round called and the two women advanced with sleeves rolled up and angry eyes. A few blows were made when the two sides separated and then came a rough and tumble fight in which a scratch and hair pulling predominated.

The Perry woman was knocked down and then was called back, was again beaten.

There was no action taken either side.

The crowd cheered lustily and then were freely admitted.

During the second round called and the two women advanced with sleeves rolled up and angry eyes. A few blows were made when the two sides separated and then came a rough and tumble fight in which a scratch and hair pulling predominated.

WEST DULUTH.

OF GENERAL INTEREST.
Boats loaded 3,200 tons at the Pioneer dock this morning.

A. D. Cope, a resident of St. Paul, is registered at the Clarion house.

The foundation of the new engine house to be built at West Duluth was begun this morning.

Resident men in West Duluth say they anticipate another great inspection to come.

The candidates are all rustling in West Duluth to-day and the delegates' pockets are all filled with choices imported in consequence.

Go to Beaver Bay tomorrow on steamer Barker for a good time and get your picture taken. The novelty of the season. Ticket and choice of picture only one dollar.

The Episcopalian entertainment at Mrs. Bellanore's last evening was attended by over 1,000 persons, the élite society people. All pronounced it as one of the most enjoyable social events of the season.

J. F. Erickson is moving his drug stock from 1705 West Superior street to Hall's new block opposite the Donnell building. His place of business will be occupied as a millinery store.

A young gentleman whose weight was just 10 pounds, arrived at Harry Armstrong's residence last evening, but just to-day he had gained 100 pounds. Later on, it is hoped that he will be able to present at those to take place in the future.

There was considerable animosity between the two factions yesterday in several directions, but West Duluth politicians are all very close mouthed and refuse to be interviewed about any thing relating to the state elections. Neither are they particularly garrulous regarding county elections. All questions are greeted with an "I don't know." One, however, stating that he thought "it would be a blow for right to register."

WEST SUPERIOR.

There will be a raffle for a gold watch at the Fremont house this evening.

G. L. Rice left on last evening's Omaha for Elsworth, Wis., on a business trip.

F. B. Gregg and wife left last evening for Minneapolis to take in the Exposition.

Each day will be a holiday for him to day for his day when he has accepted the principalship of the graded school.

J. Murphy, Dr. Booth and J. S. Taylor all of Chippewa Falls and interested properly in West Superior dirt at the

ladies aid society of St. Luke's Episcopal mission will give a musical at the residence of Mrs. C. J. Watson tonight for the benefit of the mission. All are cordially invited.

A special meeting of the village council was called last evening and arrangements were made with the bondsmen of contractor Ball, who has thrown up the contract of grading Becker and Nettington avenue, to him.

Waterbury and Fee, contractors for the building of the new hotel for Cattin & Butler at the East End are now actively engaged upon the work of excavating for the foundation of the new building.

The Hon. Ira D. Bradford of Milwaukee, a prominent Republican and an eloquent speaker will be in West Superior tomorrow and will address the people of Duluth in the discussion of the political issues of the day. The Pleasant City band will furnish music for the occasion.

Yesterday was the last day of circuit court and as a result of the long session the session was taken advantage of by his friends to present him with a life-sized portrait of himself as a mark of their esteem. Col. Hiriam Hayes made the presentation on behalf of the Bar Association of Douglas county.

LESS THAN A CENT PER MILE.

Twenty Dollars to Helena and Butte and Return, with the same Fee Mile to all Points in Minnesota, Dakota and Eastern Montana.

The Northern Pacific railroad announces for five harvest excursions from St. Paul, Minneapolis, Duluth and Asland to all points in Minnesota, Dakota, eastern and central Montana, including the cities of Helena and Butte. The lowest excursion rates yet offered the people of the northwest. Tickets will be on sale at eastern terminals and at the Northern Pacific stations on August 21, September 11 and 25 and October 9 and 25, limited to thirty passengers per excursion. Persons with step over privileges. Everyone should avail themselves of this opportunity to see the Lake Park region of Minnesota, the great forests of the Black Hills, the grand Pyramid Park, the historic Yellowstone valley, the cattle ranges and great mines of eastern Montana, as well as the cities of Helena and Butte. The Northern Pacific railroad is the only line running Pullman Palace sleeping cars, Faro, Montana, Grand Grotto, Helena, Helena and Butte, and is the only road running dining cars and combination cars between Duluth and Montana. For rates or other information apply to the General Agent, Duluth, Minn., or Chicago, Ill. For general passenger and ticket agent, St. Paul, Minn.

Low Rates to the Yellowstone National Park.

You can make the Yellowstone Park trip leaving Duluth on either August 21st, September 11th and 25th, at an expense of \$10.00 per person. The trip includes meals on dining cars, one double berth in Pullman sleeping car, St. Paul to Livingston and return, five and one-half hours to the park, including time at the park hotel.

Transportation from Cimarron, (end of track at northern boundary of the park) to the park, sleeping car, Faro, Helena and Butte, and is the only road running dining cars and combination cars between Duluth and Montana. For rates or other information apply to the General Agent, Duluth, Minn., or Chicago, Ill. For general passenger and ticket agent, St. Paul, Minn.

Are You Going to the "Minnesota State Fair" or to the "Minnesota State Fair."

"The North Western Line" Chicago, St. Paul, Minneapolis & Omaha Railway will sell you excursion tickets at one fare for the State Fair. The price of the ticket is \$1.00, and the cost of the excursion to the exposition and 50 cents for admission to the State Fair.

These tickets will be on sale Tuesdays, Thursdays and Sundays, good to return Mondays following date of sale. Remember solid trains via the "Omaha" run to the exposition on the 25th of August, this giving passengers their option of stopping off or taking the train at either place.

General Agent, 112 West Superior St.

A. CO., Publishers.
MILLIE HUNNELL, Manager.

OFFICIAL PAPER OF DULUTH.

There has been much said of the wisdom of free trade as shown in places quoting the free list. It is one of those artless foolishnesses for the free list, at least as far as the bark is concerned from which the medicinal preparation is made. But it was insisted that the people would not be benefited unless all preparations were made from. Now for the results. The price has declined but little, and not any more than in England, where there was no duty removed. It has closed every manufactory of quinine in the country except one, and those who used to manufacture now buy the English and German article, putting on American brands. We send abroad \$3,000,000 in gold to pay for what might have been saved at home. It has closed factories, driven American capital and labor out of business and imposed a heavy drain upon our resources; and in all probability has not made the price to the consumer perceptibly lower than it would otherwise have been. Dr. English, of Milburn, N. J., says, with a moderate duty on the bark, we could easily grow the cinchona tree in the country and in case of a foreign war, it would be of inestimable value to have a home supply. We will all remember what the bullock's prices were paid for quinine during our late war.

Ignatius Donnelly arrived in St. Paul just in time to receive the United Labor nomination for governor. He accepted, of course. The sage of Ningher has been rendered a great many political nominations in his day, but he never was known to decline one. He is always a candidate, if not as a Democrat as a Republican, and if neither of the old political parties will have anything to do with him, he will manage to task himself on to the tail of some side issue as he has done this year. As a demagogue of the most pronounced type Ignatius Donnelly has no equal, unless it be one of the leading candidates for the Republican nomination.

It is now evident that Dan Knox is not yet quite ready to retire to private life. He wants to take one more whid in the legislature of Minnesota and he has made it comparatively easy to capture the nomination. He has, in his quiet way, kept all western aspirants from making any headway and has fixed the committee so that St. Louis county was practically disfranchised. Mr. Knox in a shrewd politician and he may be able to get away with the primaries.

The St. Louis county Republican convention has had the effect of attracting to Duluth a large number of strikers for the various candidates for state offices. Those who are unfortunate enough to be on the delegation to St. Paul will be buttonholed until they are tired.

Mr. Langtry, the husband of Lilly, does not fall readily into the plans of his pretty wife and her lover, Fred Gebhart. He accordingly refuses to get a divorce and will not permit Lilly to get one. The result is that Fred and Lilly cannot get married as they so fondly desire.

Scheffer, Donnelly, Harrison and Wilson may be the four candidates who will stand before the people for governor this year, and if Scheffer does not get the Republican nomination there will be another candidate in the field for it is understood that Scheffer will run anyway.

The St. Paul Pioneer Press has published some statistics showing the effect of high license. According to its table the number of saloons has been reduced from 2,800 to 1,507. This is somewhat different than the Globe would have it appear.

Betting men are giving odds on Scheffer in the St. Paul pool room. Donnelly pools do not sell very high.

Has any one heard of Doo Ames doing any stamp speaking this year?

LESS THAN A CENT PER MILE.

Twenty Dollars to Helena and Butte and Return, with the Same Rate Per Mile to all Points in Minnesota, Dakota and Eastern Montana.

The Northern Pacific railroad announces for five hundred crossings from St. Paul to Minneapolis, Butte and Ashland to appointments in Minnesota, Dakota, eastern and central Montana, including the cities of Helena, Billings, and Butte. The rates are the same as yet offered the people of the northwest. Tickets will be on sale at eastern terminals on August 11, 12, 13, 14, 15, 16, 17, and October 9 and 23, limited to thirty days from date of sale, with no limit to the number of passengers who may avail themselves of this opportunity to avail themselves of the facilities of the Lake Park region of Minnesota, the great Pyramid Park, the historic Yellowstone valley, the cattle ranges and great mines of Montana, as well as the chief cities of Helena, Billings, and Butte.

The Northern Pacific is the only line running Pullman Palace sleeping cars to Fargo, Moorhead, Grand Forks, Bismarck, Mandan, Fort Pierre, Pierre, Casselton, Hieton and Butte, and is the only road running dining cars and coal cars through Minnesota, Dakota and Montana. For more information application should be made to A. J. Miller, ticket agent at the Union depot, Duluth, Minn., or Chase S. Pease, general passenger and ticket agent, St. Paul, Minn.

Notice to Stockholders of the British Building and Loan Association.

At the regular meeting of the stockholders of the British Building and Loan Association, on August 5, Miller Block, on Monday, Sept. 3d, 1888, the stockholders will be advised of the capital stock of the association to two million dollars, will be acted on, and such other business as may regularly come before the meeting.

A. J. MILLER, Secretary.

ATTAR OF ROSES.

All About the Way in Which it is Manufactured. A Precious Essential Oil.

Until the sixteenth century we have no authentic record of its use. The use of roses is told in the history of the Ottoman empire. The sultana Nourmash, the light of the harem, during a feast which she gave to the grand mogul Jahanbegir, caused a canal to be dug in the rose garden, and then bathed in its perfumed water and flamed about over its surface. After some days a curious substance was observed on the surfaces. Upon examination it proved to be the petals of the roses, which the heat of the sun had caused to gather on the top of the rose water, and the delicious fragrance induced them to make this accidental discovery to success. The day roses were first cultivated in Paris, in the year 1500, in Turkey for the manufacture of the essence.

While in different parts of the globe quantities of roses are grown for their oil, the previous to Rosella is perhaps the most important center for the industry.

On the lofty plain, bounded on the north by the Balkan mountains, and plain of rose garish, where the flower is the world is made.

Kasaulik, the center of the district, means in the Turkish tongue place of roses.

The flowers of the rose on sloping ground

face the sun, and where the soil is sandy.

Laying down a rose garish, we do

not remove. It has closed

old plants so as to carry with a part of the root. These are laid almost horizontally in trenches five feet apart.

In six months or so the shoots appear, and

are like young hedgehogs, about a foot high.

Mr. Frank instructed me to "notas

old plants, and all the wheat is hand

led, from the time it arrives in the cars,

until it leaves the elevator, and to one whom

is unfamiliar with it, it is very instructive.

This is the secret of its success.

It does not do to enrich the soil too

heavily, as it injures the quality of the

essential oil, and as it impairs the

quality. Hot fumigation, for instance, is

very injurious, in 1870 all the roses in

the district were killed.

In May when the blossoms are a sheet of

the field, the petals are a sheet of

several kinds, but all single or nearly

white pink or white, and very much like our

wild roses, and the petals are

white, while the leaves are on the flowers.

The petals are taken from the stalks, and at once

put into great copper alembics capable of

holding about 240 pounds of water.

Into each alembic are put twenty downy

teethed nozzles, and 100 pounds of water

and twenty-five pounds of rose leaves.

This is then heated over a fire, and the

water is distilled, and the vapor is

passed through a condenser.

This is then collected in a

large copper vessel, and

then the water is distilled again.

Mr. Frank instructed me to "notas

WEST DULUTH.

WANTED.
A boy to learn druggist's business. Enquire at the West End Pharmacy.

OF GENERAL INTEREST.
A public dance takes place at Svea hall this evening.

Charles Hamilton, N. P. Junction, is visiting in West Duluth.

Mr. Barton, of N. P. Junction, is visiting in West Duluth.

Work was commenced on the Twenty-first avenue sewer this morning.

It is said that Larry Stevens will bring a bride back with him, when he returns from Atikaboo.

There were more numerous than usual in West Duluth last night, three being collared by the police.

The Rev. E. M. Greene will deliver his lecture on "Garfield" Saturday evening at the K. of L. hall.

J. F. Erickson has moved his drug store to the new hall block and now has one of the best places in town.

Mr. Galvin, of the ex-kane of Galvin & Galvin, will remain in Duluth. His partner has gone to Washington territory.

Work will begin Monday in raising the National iron works to the grade level. The building will also be partitioned into stores.

Griffith, the pigtail, has immediately begun to train for his fight with Lynn at Tower next Saturday.

The dock of the Imperial mill is being filled with sand and stones from the channel to the dredging machine. The channel is now nearly completed.

Mr. Knoblock has rented part of the Sanborn block at the corner of Twenty-first avenue and Superior street. The other part will be occupied by a butcher shop.

The annual competition between the elevator fire departments took place yesterday. Elevator H. carried off the honors. He stands with John Lottis, the foreman of the company, wears the medal of the best gold medal.

Hell's bank had its first anniversary yesterday. It has been a remarkably successful institution under the management of east and west members of the Second Presbyterian church who reside in those places and there is no doubt but that enough members can be found there to make the proposed organization a success.

WEST SUPERIOR.

T. B. Otis has moved into his new store.

Stephen Gill, has accepted a position at the Hotel Tower as night clerk.

Only one drunk was disposed of in the morning.

At the Tower, Dr. S. Holmes, G. S. Hooper, St. Paul; Goss, Heller, Chicago.

H. L. Kingston, of La Crosse, was in the city yesterday looking over the prospects.

Several Duluth firms have opened new houses here and are doing a prosperous trade.

The new school building begins to make considerable showing, and when finished will be a credit to the city.

E. B. Gregg, G. C. Burke, and E. A. Michal took in an exposition at Minneapolis yesterday.

The Duluth Tribune is preparing to operate a West Superior edition again. A young man from St. Paul, by the name of George, has charge of the paper.

An excursion from Duluth and Superior, to Ashland by train is talked of for Sunday, September 9th. This would make a very pleasant trip and will no doubt be popular.

Hon. Ira B. Bradford, a brilliant Republican orator, will speak upon the political issues of the day at the opera house this evening under the auspices of the Republican club of this city.

Send to McLean & Crawford for their reduced price list and catalogue of their new engines.

AMUSEMENTS.

DANIEL SULLY.

Tony Pastor's Theatre was filled last evening by a large, representative, very friendly, and highly entertained audience.

Daniel Sully, the comedian, who has taken this theater for the summer, and who has formerly made a success here, produced a new play called "Daddy Nolite." Mr. Sully's acting, company and play are full of humor and variety. The performance last evening was a most brilliant success.

Comic dialogue, laughter, applause and flowers. The songs were encored four times. The audience was always ready to respond to the plaudits. The atmosphere, both on the stage and in the auditorium, was permitted with entire freedom. The audience of young comedians of the stage, and the style of play which he makes use of is the most popular character.—[New York Mail and Express.]

Attention K. of P.

Members of Knights of Pythias Lodge in Duluth are requested to meet in Castle Hall, Hunter street, this evening at 7:30 to meet Grand Chancellor F. S. McDonald in connection with the meeting of the Grand Lodge in Minneapolis September 11. All visiting members are invited.

C. C. of Agate Lodge, No. 31.

C. C. of Normanby Lodge, No. 35.

C. C. of Jansen Lodge, No. 35.

C. C. of Diamond Lodge, No. 45.

W. A. Hicken, C. C. of Syracuse Lodge, No. 47.

Police and Criminal.

In the absence of Judge Martin, special Judge Johnson presided over the arraignment of the municipal court this morning.

Two young men, named respectively James and John Barnes, were brought up on a charge of vagrancy. The Barnes had started out of St. Paul on foot and became footloose and weary they boarded a boat on the lake on which they were found asleep. In default of the price, they will languish 7 days in jail.

Alex Olson, drunk, paid \$5.

A Norwegian who is a prominent business man in the city referee last night. He was fined \$5 this morning. He went to jail, not having the fifty in his pocket.

The indomitable Prince Albert Jones will put in the next three months in prison.

All kinds and sizes of brass and iron castings made at McLean & Crawford's.

MARINE MATTERS.
Prop Northern Light, Lake Erie, coal and steel.
Schr Ely, Lake Erie, coal.
Prop Rock Islands, Lake Erie, coal.
Prop P. Flowers, Lake Erie, coal.
Prop V. Swain, Lake Erie, coal.
Schr Alvin, Lake Erie, coal.
Schr Alvin Bradley, Lake Erie, coal.
Schr Sandusky, Lake Erie, coal.
Schr Aunt Young, Lake Erie, merchantile.

DEPARTURES.

Prop Idaho, Buffalo, passengers and merchandise.

Prop Wokken, Ashland, to load ore.

Schr Pelican, Ashland, to load ore.

The Calumet, Ash and Sheffield got away from Two Harbors last night with iron ore.

Four cents on wheat to Buffalo was paid to one vessel here last night. This is a spot rate.

Frigate, a steamer here and 1000 tons to Buffalo, is to load wheat on spot car rates. Ore rates from Two Harbors and Ashland are now at \$1.50, equal to about 4 cents on grain.

With the improved prospects for the lake marine project, new craft are being put up rapidly. The latest is the West Samson, a 1000-ton vessel, built at a cost of \$10,000, 50 feet long, 23 feet beam, and 11 feet hold, after the model of the Fannie H. H. H.

Capt. McLeod has left Port Arthur on an expedition to raise the large William Croswater, sunk off Sault Ste. Marie.

S. Mary's, a 1000-ton vessel, the best

water of water, Smith & Davis, of Buffalo have the insurance on both cargo and ship.

The steamer Chemung is engaged in another desperate attempt to break the record from Buffalo to Chicago. She left Buffalo yesterday morning at 9 o'clock with 1200 tons of coal and passed Port Huron 22 hours and 15 minutes.

The Goodrich line has lost the contract for new steamer about the size of the Menominee, to be ready for the opening of navigation.

Almost every grain vessel at Buffalo is from Detroit. Toledo grain schooners catch it up rapidly. The latest is the West Samson, a 1000-ton vessel, built at a cost of \$10,000, 50 feet long, 23 feet beam, and 11 feet hold, after the model of the Fannie H. H. H.

A MILLERS' TRUST

Sixty Flour Millers of the Winter Wheat Section Meet in St. Louis

TO MEET MINNESOTA COMPETITION,

And to Establish Prices for Wheat and Flour the Objects of the Session.

ST. LOUIS, Mo., Sept. 1.—An important meeting of leading winter wheat millers was held here yesterday afternoon, the object being to form a closer alliance than ever before between millers handling winter wheat, to establish a more exact scale of prices to take into account the various mills to prevent ruinous competition. Representatives of mills from all parts of the winter wheat belt to the number of sixty assembled here. William L. Igobart, of Evansville, Indiana, was elected chairman and Alex. W. Smith, secretary. The afternoon was spent in discussing the best methods of meeting Minnesota competition and for preventing too keen rivalry for grain and flour in the winter wheat section. Mr. Vanderveer said that undoubtedly British influence had brought about the result.

HAS POWDERLY WITHDRAWN?

rumor that he has resigned his position in the K. of L. Organization.

PHILADELPHIA, Sept. 1.—A rumor has obtained currency here to-day and is well authenticated in labor circles apparently that General Master Workman Powderly has withdrawn from the organization of the Knights of Labor, his resignation to take immediate effect. At the general assembly at Minneapolis it is reported that the great organization, then having a membership of nearly \$800,000, has dwindled away to less than \$250,000 and the process of disintegration still continues. It is said that Powderly has withdrawn to the more conservative trade union organizations, at one time demanded as to the financial condition of the organization and the members have been compelled to change their names in the name of Chas. H. Litchman, the general secretary, once more. Figures are given here to-day to show the next convention of the general assembly of the Knights of Labor in Indiana and the present indications are that Mr. Powderly's secretary Litchman is the author of the movement. The present indications are that there was a strong movement in the directory of the roads unfavorable to Mr. Powderly's retention as general manager of the western states have joined to nominate George Schilling, the present master workman of the Knights of Labor in Chicago, for the position of general master workman and for the transfer of the general executive to that city. The Knights of Labor will undoubtedly lead to a much more vigorous fight in the convention than that which marked the proceedings last year. A strong and popular leader has obtained credence in the inner circles of the order that the western states will unite in a call for a separate convention.

ARTICULAR EXPLORATION.

ATLANTA, Sept. 1.—From which to Build a Paying Railroad.

OTTAWA, Ont., Sept. 1.—The geological survey has issued a letter from A. P. Lowry, director of the survey, to the expedition to the eastern coast of Hudson Bay, dated Moose Factory, James Bay, June 20. In it he says "the party had great difficulty in travelling from Lake Winnipeg to the coast, meeting with a number of swollen streams so as to make travelling exceedingly dangerous and at the time the party arrived the weather was bitterly cold and the snow was deep. The party had to travel the then the party has gone up the bay, along the west coast, making an exploration of rivers running from the interior of Labrador.

WORK INCREASED.

LONDON, Sept. 1.—From a report just published under the direction of the Board of Trade it appears that the books of Seventeen of the chief trade societies show that the men out of work now number 7000, about 1 per cent. of the total employed in the country. Last year the proportion was 8% per cent. The engineering branch has a very large number of men employed in the country, especially in the United States. The program is an extensive and interesting one and has an exceedingly bright future.

The meeting of the British Association in not likely to be held in America in view of the recent decision of the English courts canceling the Edison patents in Great Britain.

A SENSATION SPILLED.

PHILADELPHIA, Sept. 1.—A rumor gained currency here to-day, apparently well authenticated in labor circles, that general master Workman Powderly has withdrawn from the order of Knights of Labor, his resignation to take immediate effect. When a reporter inquired into the truth of the rumor he was informed that the reason was that he had been informed that there was nothing in the story.

EIGHT KILLED.

CINCINNATI, O., Sept. 1.—A 25,000 barrel oil tank exploded here this afternoon and the oil is scattered in all directions. Eight persons are killed and a number of others injured.

CHURCH SERVICES.

CHRISTIAN CHURCH, Fourth and Fifth streets.—Services will be held at 7 A.M. for the morning sermon, "Followers of God," evening, "The Kingdom of Christ."

TO CANCEL Edison's Patent.

OTTAWA, Sept. 1.—Proceedings have been instituted in this office here to annull the patent for Edison's system of electric lighting in Canada for the cancellation of the requirements of the patent act. The petitioners are the Thompson-Houston electric light company of Boston with offices in New York, and the Canadian Electric company of Canada, R. D. McElroy counsel for the petitioners is of the opinion that the Edison claim is not valid in the case to be made in view of the recent decision of the English courts canceling the Edison patents in Great Britain.

Bound for Columbus.

LOS ANGELES, Cal., Sept. 1.—The department of California G. A. R. local post left here this morning to attend the national encampment at Columbus, Ohio. They will be joined by other contingents of the Grand Army at San Francisco, Portland, Tacoma and Walla Walla. The Comanches will make a temporary stay in the Garden City before starting for the national encampment.

THE WEATHER.

J. B. BUCHANAN, Agent.

TREATY REJECTION.

The Chinese Treaty Rejected by that Government—By British Influence.

WASHINGTON, Sept. 1.—California representatives in the house published this morning to the effect that the Chinese government has refused to ratify the new treaty with the United States, but are disposed however, upon advice from the state department, to await the results of the original diplomatic negotiations to be made to effect the emergency. Mr. Morrow said if the rejection was confirmed, California members would ask congress to pass a bill requiring the present to give up more rights to the Chinese government of the conclusion of the treaty. Thereafter no Chinese diplomatic, consular and officials would be allowed to enter the country. Mr. Morrow did not appear to make a retaliation by China saying there about 200 Americans had been admitted to enter the country. He believed that while the Chinese government regards the amended treaty as unduly stringent, the most popular view is that the Chinese would accept a revision of the original.

STRUCK BY A LOCOMOTIVE.

A Chicago Man Dragged 100 Feet by an Engine and is Not Injured.

CINCINNATI, Sept. 1.—The outgoing train on the Milwaukee road struck a man at the Indiana crossing last night and before the train could be stopped it dragged him fully 100 feet. He was found wedged in under the engine in such a way that the train had to stop to extract him. He was taken out in an unconscious condition and removed to the hospital. When he awoke he was conscious and regained consciousness, after making a hasty examination, himself finding that he was uninjured. The attendants good night and left for home.

Resigned his Position.

CINCINNATI, Sept. 1.—James Carson, general manager of the Chicago and Western Union railroad and the Bell line resigned his position today being succeeded by Benjamin Thomas. It has been an open secret that Mr. Carson, who is some 60 years of age, was a strong member of the order of the Knights of Labor, and that he was not popular with the management.

A strong movement has been in operation throughout the order since the time of the meeting in Milwaukee October in which the district master workers have been compelled to change their names in which the name of Chas. H. Litchman, the general secretary, once more. Figures are given here to show the next convention of the general assembly of the Knights of Labor in Indiana and the present indications are that Mr. Powderly's secretary Litchman is the author of the movement.

GENERAL'S RESIGNATION.

PHILADELPHIA, Sept. 1.—The outgoing train on the Milwaukee road struck a man at the Indiana crossing last night and before the train could be stopped it dragged him fully 100 feet. He was found wedged in under the engine in such a way that the train had to stop to extract him. He was taken out in an unconscious condition and removed to the hospital. When he awoke he was conscious and regained consciousness, after making a hasty examination, himself finding that he was uninjured. The attendants good night and left for home.

OFFICIAL PAPER OF DULUTH.

The St. Louis county delegation to the state convention must feel well satisfied with itself. Six of its members, at least, selected themselves. They were given a little brief power by Chairman Denton who appointed them a committee to select a list of delegates. They first selected themselves. The delegation is made up without regard to locality. The Vermilion country was given two places, and the Second ward of the city of Duluth, two.

The Fourth ward, which cast as many votes at the last election as the entire Vermilion country and the Second ward combined, lacking eighty-nine, was given one place on the delegation and it would not have got that if Mr. Hammond had not been placed on the committee and was possessed of the necessary nerve to nominate and elect himself. The Sixth ward of Duluth, which is the smallest in the city with the possible exception of the Second, was given two delegates. E. G. Swanson elected himself and helped Alderman Bob Kennedy to a place. The balance of the delegates are from the Third ward. One of them, Percy Ansecke, elected himself, M. O. Hall was selected by the committee and Frank Burke was chosen unanimously by the entire convention. This, then, is the make up of the St. Louis county delegation to the state convention. Six members of the delegation ought to feel ashamed of themselves. In their action they showed the greatest lack of courtesy imaginable, and they must now realize the ridiculous position in which they placed themselves. No one ever heard of such shameless exhibition of greed for an honorary and responsible position in a Republican convention. It would be natural to expect it of Democrats. There is no use of mincing this matter. Chairman Denton's committee is the laughing stock of the entire city. No one believes that the delegation is a representative one, not even the delegates itself. Honor obtained in such a way is a dishonor, and we predict that some of the delegates will consider it and either resign or send protest to St. Paul.

Gen. Dick Taylor, one of the best-known generals in the Confederate army, in an article explaining the defeat of the rebellion said: "We made two great mistakes. Had we avoided them we should have conquered you. The first was we did not substantially destroy the protective features of the tariff in the winter session of 1857 and 1858, as an act which provided a rapid sliding scale to free trade. * * * We could have passed such a law and held it tight on until it closed the furnaces, workshops, woolen and cotton mills, and steel and bar iron works of the whole North and West, and scattered our workers over the prairies and territories. When the war was ready for you, you would not have been ready for the war. You could not have armed and equipped and put into the field a large army, nor built a large navy. You would have been without supplies, machinery and workmen, and you would have been without money and credit."

Only once in the history of the country has the duty on salt been entirely removed and that was between 1808-1812. The result was that the work of manufacture ceased and during the war that followed with Great Britain salt in some of the states went up to \$4 a bushel. That is what we get by killing out an American industry and depending on foreign supply. Under protection the home production of salt increased from 13,000,000 bushels in 1860 to 35,000,000 bushels in 1880 and though there was an increase of price between 1860 and 1870, owing to a general inflation of prices, yet by 1880 the price was lower than ever before in the history of the country. If we were to destroy our home production again and war should occur with England we might expect to see salt up to \$1 per bushel. Protection has given us a sure home supply at cheaper rates than ever before known.

They are still introducing new measures in congress, though there is a possibility of having them considered. We should like to see the answer made to that resolution of inquiry introduced by Mason, of Illinois, calling for information as to the amount subscribed to the Democratic campaign fund by those banks that are using fifty millions of public money without interest. The interest that might be saved to the government on this amount of money invested in outstanding bonds at rates at which they are daily tendered to the government would amount to a million dollars a year. Those who get such a gratuity from the administration ought to divide.

The Minneapolis Journal Thursday stated that Governor McGill had become so disconcerted that he was about to throw up the sponge and pull out of the race for re-nomination. The governor positively denies the rumor and says that he is still in the race.

Capt. Spader has carried the Minneapolis primaries in his race for the congressional nomination and he will undoubtedly be the Republican candidate in the Fourth district.

It is probable that Alex. Morrison will be the Democratic nominee for county treasurer, Henry Trosen for sheriff and James A. Smith for auditor.

Excursion to Atka Saturday, good to return Monday. Fare for round trip \$200 on Northern Pacific R. R. City Depot Office of "Omaha" line.

MEANS OF SUBSISTENCE.

New Who Predict the Extinction of Humanity by Starvation.

It seems strange that at a time when food of all kinds is cheaper and more plenty than it ever was before in the history of the world that there should be a danger of extinction of mind and learning should be predicting the extinction of humanity by starvation.

Still the matter has recently been discussed by Mr. Frederick B. Hawley in the Quarterly Review in the Forum. Both writers refer at length to the writings of Malthus and Ricardo, the first of whom, it is true, has never been a danger of extinction of mind and learning should be predicting the extinction of humanity by starvation.

Still the matter has recently been discussed by Mr. Frederick B. Hawley in the Quarterly Review in the Forum. WEST DULUTH.

WANTED
A boy to learn druggist's business. Enquire at the West End Pharmacy.

OF GENERAL INTEREST.

A dance will be given at Swan hall next Tuesday evening.

Episcopal services will be held as usual tomorrow afternoon.

Mr. Berg will not move his drug store before the 1st of October.

W. B. Wilber, of Grand Marais, is visiting friends in West Duluth.

C. F. Manfield, a business man of Hibbing, Minn., is registered at the Clarendon.

The Rev. S. N. McAdoo will deliver the sermons at the Grace M. E. church tomorrow.

The Duluth and Mats will play another game of baseball tomorrow afternoon. Games begin at 3 o'clock.

Mr. Olson will not move his dry goods stock this morning, and everyone was asked "do you have any?" for the past week.

The St. Clement's school will open next week. The attendance will probably be about the same as last year, 75 pupils.

The L. A. Cox broom factory will begin its work in the new building sometime next week. The capacity is nearly double that of the old factory.

Capt. Randall will attend the National G. A. R. encampment at Columbus Ohio, this fall. He will leave for that place after the encampment is over.

The Polish and French societies will open schools here this fall, occupying the old Adams building. The attendance will amount to about 60 pupils.

The Rev. Mr. Finley will preach at the Second Presbyterian church tomorrow. His morning subject will be "The Power of Personal Presence." The evening discourse will be on "The Faithful Savior."

Misses Davis, Lennox, and Taylor have returned to Duluth from their vacation in their homes in the West End schools next week. It is expected that the attendance this year will exceed that of last year by fully 25 per cent.

A new school building is being erected on elevator B yesterday; six cars graded 1 Northern, three cars 2 Northern, two cars graded 1 hard and one car went as low as No. 3. Fifteen cars were received this morning that will grade about the same.

WEST SUPERIOR.

The public schools open Monday. There will be a dance this evening at the "Columbian."

George Ward has gone to Michigan for a few days.

September 1st "Jack Frost" made his appearance for the first time, this fall, last night.

Church services will be held at the open house tomorrow, 10:30 a. m. and 7:30 p. m. Rev. J. E. Williams, pastor.

One disorderly was assigned in the municipal court this morning and fined ten dollars and costs, which amounted to \$18.00.

This new company is now fully organized and in good working order. L. F. Gersh, was recommended to the village board for assistant chief of the fire department, and will no doubt fill the position creditably should receive the appointment.

It is reported that a stock company is being formed here for the purpose of building one hundred or more dwelling houses for rental. This would be a good move and would meet with the approval of a large number of people who are unable to get houses to live in during the coming winter.

Chief McNamee was arrested yesterday on a warrant issued by President Faxon on the charge of having accepted money from prisoners and releasing them before being brought before the court. McNamee pleaded guilty and asked for a continuance of trial. The trial was adjourned to next week, when his request was granted.

The West Superior Republican club is making a move toward erecting a log cabin, 25x60, to be used during the campaign. The club will be incorporated and will have its room fitted up for headquarters for the club and the remainder will be arranged for the convenience of public meetings. The members are enthusiastic and determined to keep abreast of the times.

A Careful Financier.
"Yes, Fred, head me a dollar, will you?" A dollar bill is produced. The borrower looks at it a moment thoughtfully, and then exclaims: "What a way, Fred, I just remembered that there are comforters to a dollar bill in circulation. To prevent mistakes, suppose you take this back and lend me a two instead. Thanks! A fellow can never be too careful in money matters, you know. So long as you later!"—Boston Transcript.

Felicia Sagacity.
"Bridge, has Johnnie come home from school yet?" "Yes, son."

"Have you seen him?" "Yes, son."

"Then how do you know he's home?" "Cause the cat's hidin' under the stove, son."

A Narrow Escape.
"How many deaths?" asked the hospital physician, while going his rounds.
"None."

"Why, I ordered medicine for ten."

"Yes, but one wouldn't take it."—Er- change.

Diamond Measure.
"How do you suppose Mr. Foorce manages to get diamonds for his wife?" asked a lady of her husband.
"Oh, buys them by the quartz, I presume."

A Greater Value.
Chicago, Oct. 1.—"Why do you charge me \$200 for a divorce, Mr. Blank? It only cost me \$25 to get married."

Lawyer.—"Why do you pay \$200 for a diamond and \$5 for a Rhine stamp—New York Sun.

No Interest in Archery.
Reports from England of the futile efforts made to interest the English in archery show how thoroughly dead the native pastime is. Of course, that settles the question of its popularity in this country.—Chicago Herald.

The Mexican state of Morelos offers a premium for the establishment of new industries and grants exemption from taxation for the same for the term of five years.

By the new salute in the French army soldiers touch the hair with the hand reversed, showing the palm and officers touch the brain of the kept.

What is more attractive than a pretty face with fresh bright complexion? For it is a pleasure to look at.

The books are now open for subscription to the sixth series of stock in the Home- stead Building & Loan association, commencing September 1st.

F. W. Smith, Secretary.

ROYAL
BAKING POWDER

Absolutely Pure.

This powder is very fine. A market of purity, strength and wholesomeness. More economical than the ordinary kinds, and can not be equalled in the quality of the flour. Sold only in cans. ROYAL BAKING POWDER CO. 306 Wall street, New York.
